## **Tuition Rate Information** **Effective October 4, 2015**

Dear Parents/Guardians:

As part of our regular evaluation of rates, expenses, and the local market, there will be a modest rate increase for the Central Florida YMCA Family Centers at the *Walt Disney World Resort®* beginning **October 4, 2015**. The YMCA continues to maintain tuition rates that are competitive with local-market rates for comparable, high quality early child care and education.

The tuition increase will apply to primary care. The discount for families with more than one child in the center still applies. This increase does not affect the scholarship rate for those Cast Members who receive the Family Center Scholarship, nor does it change the Back-up Care rate. The VPK children who are eligible for the discount will continue to receive a 10% discount throughout the nine month VPK school year.

As a reminder, if you are currently using payroll deduction, you will need to complete a new form indicating your rate change (located at front desk) and submit it to the Centers no later than September 21, 2015.

The new tuition rate information is included in the chart below for your reference. If you have any questions please contact a member of the management team for additional information.

Thank you for choosing our services and for your continued support of our Family Centers.

Sincerely,

*Shannon Matthews*
